

## Online proofing G2 report names PageProof as the most agile provider

Proud to be leading the  
future of online proofing

We are excited to share that we have been named as a High Performer again in the G2 Autumn 2020 online proofing category report. PageProof has been awarded a staggering 4.9 out of 5 stars as well as half the badges across all the categories.

PageProof was also named supplier to have the Best Momentum, which reflects that we are adapting rapidly in these times of change.

A big thank you to our users who have provided reviews – it is fantastic to have so many happy customers behind us.

Let's take a quick look at why we have scored so highly.

## Best results for you

### We help you deliver your best results

We evolve the proofing category by continually seeking solutions that will help you deliver your best results. Software buyers can compare products in the G2 Online Proofing category according to their Results scores. The Results scores are measured by the ability of a platform to meet requirements; likelihood to recommend; user adoption; estimated ROI; and time to go live. PageProof has been awarded all 3 of the potential badges in this category.

#### **Voted: Best results**

We are thrilled to be named the online proofing platform that gives users the Best Results. This badge is a reflection of being awarded the highest overall results score of 87% versus the category average of 83%.

#### **Voted: Users most likely to recommend**

It is an honor to be named the online proofing platform that Users most Likely to Recommend again. This badge is a reflection of being awarded the highest likelihood to recommend score of 98% versus the category average of 88%.

### **Voted: Best estimated ROI**

We are very proud to have been voted as the Best Estimated ROI (return on investment). The score is calculated through a combination of estimated time to ROI and time to go live. The time to recover your investment is estimated to be 4.6 months with PageProof, whereas the category average is just under a year.

Just as compelling is that the time to go live is 76% quicker than the average of the online proofing category. Showcasing the simplicity of implementing PageProof, which is vital in the everchanging landscape we find ourselves in.

Always there to support you.

### **We strive to delight customers**

PageProof believes in putting customer relationships at the forefront – every step of the way. From initial contact to in-app communication – we aim to delight. Software buyers can compare products in the G2 Online Proofing category according to their Relationship scores.

### **Voted: Best support**

We pride ourselves on our customer support. Therefore, it is an honor to be voted as the product with the Highest Quality of Support with a near-perfect score of 99%. Meaning we users recognize our focus of putting customers at the forefront.

### **High Score: Easiest to do business with**

We are super proud of our ease of doing business with score. The 99% reflects that we make it all about you.

Always there to support you.

### **We make getting started simple**

We strive to make things simple. This starts with the implementation of the platform. The G2 Implementation score allows potential buyers to compare products in the Online Proofing category according to the speed of implementation and ease of setup.

### **Voted: Fastest implementation**

We are proud to be voted as the platform with the fastest implementation time. Reflecting that our customers enjoy a speedy implementation with our fantastic in-house customer support team behind them every step of the way. Customers have reported that it takes an average of a mere 12 days to implement PageProof versus the category average of nearly 2 months (55 days).

### **High Score: Easiest setup**

We love that PageProof has been given a score of 95% Easiest setup which reflects exactly what we intended – a simple solution that aims to delight. Easily beating the category average of 87%.

“PageProof is intuitive, friendly,  
and quick.”

*Customer quote from G2 review*

### **A powerful, yet simple tool**

PageProof believe in smart technology that makes things simple for you. Software buyers can compare products in the G2 Online Proofing category according to their Usability scores to determine which products are the simplest to use. With near-perfect scores in all categories, PageProof is the obvious choice.

### **High Score: Best meets requirements**

We are continually striving to find a better way by identifying solutions before you even know you need them. Therefore, we are thrilled that PageProof has been awarded a score of 95% for Best meets requirements (vs category average of 90%).

### **High Score: Easiest to use**

We love that users have given PageProof of 96% (vs category average of 89%) in the Easiest to Use category. PageProof endeavors to keep things simple whilst providing powerful solutions to enhance the proofing process. We believe that an online proofing tool should allow you to deliver your best work, quickly and easily.

### **High Score: Easiest admin**

We believe that administration should be the least of your concerns. Therefore, we are thrilled that PageProof has been awarded a score of 97% vs the category average of 89%. Leaving no doubt that we make admin simple.

## **PageProof brings simplicity to your proofing process and empowers teams – strengthening your brand**

We are thrilled to have been given such positive reviews from our users. Best of all is that this means that we are achieving our strategy of creating a simple, smarter review and approval platform that delights its users.
